

DELHIA GBELIDJI

SOFTWARE DEVELOPER

As a software developer specializing in React/TypeScript, I've developed a strong sense of curiosity, autonomy and initiative. I like to put these skills to good use in the teams I work with, contributing to innovative projects.

CONTACTS

- **Phone number** : +33 6 08 88 83 13
- **Email** : delhia.gb.pro@gmail.com
- **LinkedIn** : Delhia Gbelidji
- **Address** : Paris

SKILLS

- TypeScript, React, Next.js, Node.js, Nest.js
- ReactQuery, ReactHookForm, yup, Formik, React router
- Mui, Tailwind CSS
- Jest
- Git, GitHub
- Visual Studio Code, PhpStorm
- Figma, Canva
- Jira, Notion
- Linux, MacOS
- Docker, Insomnia
- French and English (fluent) and Spanish (conversational)

SOFT SKILLS

- Autonomous and proactive
- Good communication skills
- Organized
- Patient
- Curious

HOBBIES

- Swimming, running, climbing
- Cooking and baking

PROFESSIONAL EXPERIENCE

FRONTEND DEVELOPER | FEBRUARY 2023 TO SEPTEMBER 2024

TEAMOTY | 1 YEAR APPRENTICESHIP AND 6 MONTHS CONTRACT

- Collaborated with the React team to harmonize the code and ensure adherence to best practices.
- Optimized the software's performance through a structured approach.
- Documentated standards, conventions, and best practices to ensure consistency and facilitate collaborative work.
- Contributed to the development of features in Reactjs/Typescript for the Scheduling software, used to manage construction projects.

PROJECTS

READ-IT | SELF-PUBLISHING PLATFORM

- Created wireframes and mockups.
- Built the frontend using Next.js and the backend with NestJS, with SQLite for the database.
- Developed authentication features (sign-in and sign-up), project creation, modification, and deletion, as well as manuscript creation and deletion.
- Used React Hook Form and Yup for form handling and validation, and Material-UI (MUI) for building user interface components.
- Designed and implemented various CRUD operations for users, projects, and manuscripts.
- Performed functional testing of features using Jest
